RE: FOIA F-13-189

Dear Mr. Hatfield:

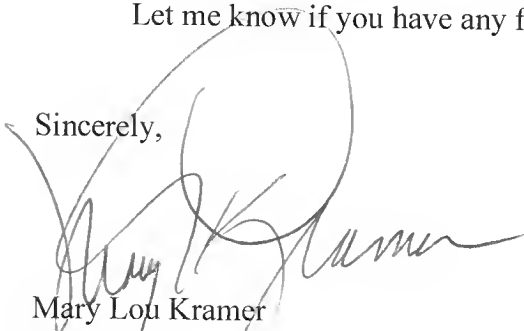

Due to your advising me that some documents seemed to be have been redacted on the previous CD I sent, I am enclosing a second CD prepared by our IT staff, which contain Brian Thompson's emails. Also enclosed is a thumb drive containing emails from Susan Whalen, Deputy Commissioner, Bureau of Outdoor Recreation.

If neither of these work, the remaining option would be to come in and conduct a personal review and choose those documents you wish copied. There is a fee of \$. 25 per page for hard copies.

Please be advised that that no documents have been withheld, nor have any been redacted.

Let me know if you have any further questions.

Sincerely,

Mary Lou Kramer
